CAREER OBJECTIVE

A Computer Science and Engineering student with knowledge in programming languages like Java, C, and Python. I have experience working with databases and developing AI and machine learning applications. I'm eager to apply my skills in real-world projects and learn more about cloud computing and software development.

EDUCATION

Bachelor of Technology in Computer Science and Engineering(AI-ML), JNTUH.

2022-26

Vardhaman College of Engineering, Shamshabad

CGPA: 9.46

Intermediate in MPC, Telangana Board of Intermediate Education (TGBIE).

2020-22

Resonance Junior College, Hanmakonda

Percentage: 98

Tenth Class, Telangana Board of Secondary Education (BSET).

2020

New Shathavahana High School, Huzurabad

CGPA : 10.0

ACADEMIC PROJECTS

Portfolio Website - Link

Dec 2024

The portfolio website is a web-based platform to showcase projects, skills, and achievements.

- Developed functionalities for showcasing projects, skills, and achievements through an interactive portfolio website.
- Technology Used: HTML, CSS, JavaScript

Multimodal Ensemble Deep Learning for Skin Cancer Classification - Link

March 2025

A diagnostic tool that uses multimodal deep learning on images and metadata to accurately classify skin cancer.

- Developed a multimodal deep learning system that classifies skin cancer using dermoscopic images and clinical metadata.
- Combined CNNs and MLPs through ensemble learning to improve diagnostic accuracy, achieving a test accuracy of 93 and developed Streamlit application.
- Technology Used: Python, TensorFlow, Keras, scikit-learn, Streamlit

INTERNSHIP

Infosys SpringBoard Internship

Oct - Dec 2024

Infosys, Hyderabad

Online

• **Waste Management System - Link**

- The Waste Management System focused on automating waste classification using machine learning to improve waste segregation and recycling processes.
- Technologies Used: Python, Scikit-learn, TensorFlow

TECHNICAL SKILLS

Languages: Java,C,Python Basics

Frameworks/Libraries: Python Libraries (Matplotlib, Numpy, OpenCV), NLP (spaCy, NLTK), AI/ML/DL (TensorFlow, Keras, Scikit-learn)

Relevant Coursework: Data Structures & Algorithms, Machine Learning, Deep Learning Operating Systems, Object Oriented Programming, Database Management System, Software Engineering, Cloud Computing .

SOFT SKILLS

Communication, Presentation, Creativity, Time Management, Leadership

CERTIFICATIONS

- Certified from Mass Mutual in RPA using UI Path case Study: Login using Credential, July-Nov 2024
- Certified from Infosys Springboard showcasing expertise in Machine Learning, Jan 2025.

AWARDS AND ACHIEVEMENTS

- Secured 1st rank in Semester 1, recognizing academic excellence and consistent performance.
- Selected for district-level speech competitions, highlighting strong public speaking and communication abilities.

EXTRACURRICULAR ACTIVITIES

- Created and displayed artwork using different tools and styles, showing creativity and attention to detail.
- Gave presentations in academic and public events, improving communication and public speaking skills.
